

## About Us

Neidermyer's Poultry has been in operation since the first day the Chestnut Hill Farmers Market opened in 1983. Twyla and Travis Weaver, the proud owners of Neidermyer's, come from large Mennonite families and are dedicated to carrying on family tradition of farming and farmers markets.

The friendly and knowledgeable staff is considered family too. Everyone at Neidermyer's is eager to help you select the best poultry, turkey, eggs or other food products for your next delicious meal.

And when you're at Neidermyer's don't forget to say hi to "Sally". She's the big yellow chicken in our sign. In Pennsylvania Dutch lore, Sally-the-chicken reassures a child who has injured a knee playing in the barnyard, "Holy, holy chicken dirt. Tomorrow morning it won't hurt!"

It sounds funnier in Amish! "Heile, heile, Hinkeldreck! Marifree ischt olles recht."

## Fresh From The Farm

The farmlands in the Pennsylvania Dutch Country have some of the richest agricultural soils in the world and have been worked for generations by Old Order Amish and Mennonites using horse-drawn plows and traditional farming techniques hundreds of years old. Neidermyer's is delighted to share healthy poultry, eggs, tasty turkey and select organic products from this stunning bounty - farm fresh right to your table!

## Poultry

Our poultry comes from Lancaster County, the heartland of Amish Country. Antibiotic free and hormone free, our chickens and turkeys are raised cage free and fed an all-vegetable diet. We also do butcher to order - if you can explain it, we can do it!

## Ready To Cook Meals

At Neidermyer's, we understand you don't always have the time to prepare home cooked dinners, so we also offer a variety of ready-to-cook meals including chicken cordon bleu, stuffed chicken breast, chicken divan, meatballs, and meatloaves

Thanksgiving is a national holiday in the Neidermyer family. In fact, our customers order their turkeys right after Halloween so they can serve the most delicious turkey available!

## Eggs

We sell delicious and nutritionally superior eggs year round at Neidermyer's. Our highest quality, organically produced eggs come from a local farm in Montgomery County where well-fed organic hens lay eggs under certified humane conditions.
